

## **BORDESLEY GREEN B4128 (AREA 2)**

### **TERESA DOLAN**

---

These photos continue the journey along the B4128, from just outside of Heartlands Hospital, all the way to the Birmingham City FC ground.

This journey is in marked contrast to Part 1 of the B4128. Whereas the first section of the route was wide, this section is narrow and densely packed. Whilst the first section had grass verges down the middle, this section just has white lines. And whilst there was an absence of shops and energy from the first section, this section has shops aplenty. Bland housing is gone, replaced with row upon row of Victorian terraces. And above all, it has colour.
